or a couple of weeks for a group/team.**

Take Charge has filmed over 1000 softball/baseball skills videos since 2011!

Testimonials from parents that have used Take Charge Recruiting

After finding out that my daughters verbal commitment was dropped due to a coaching change we cringed at the idea of having to start all over. Christine Summers team at Take Charge Recruiting had put together a great skills video of my daughter a year prior so we decided to have them help us get a jump start on the process. My daughter's video and profile went out on a Wednesday afternoon and by that evening her email was filled with coaches interested in her and looking for campus visits. We went on our first college visit that Saturday and she was given her first offer that same afternoon. Two months later after exploring all of her options, my daughter made a verbal commitment. Without the help of Take Charge Recruiting we would have never found the school she selected as this one was never on our radar, but ended up being the perfect fit. I credit Take Charge Recruiting with getting quick reactions from the schools and for widening our horizon of choices.

Thank you so much for your services. Trying to get our daughter recruited was really stressful until we talked to you. You have always been there for our questions. We could text, email or call you. We were so impressed with how quick and prompt you are! You shot a great skills video in Maui. It was very efficient and highlights our daughter's strengths! We have gotten interest from Division 2 and Division 1 schools who are very serious about recruiting her! Working with you has been a great experience and we are referring all our friends! Keeping up with all the emails can be overwhelming but in a good way! We look forward to working with you until our daughter finds the right college. Mahalo Christine for giving us options!"

"My very first experience with take charge recruiting was a phone conversation with Christine before we even paid a penny. Just in that one conversation I knew she was someone that could totally walk us through this process and was very knowledgeable about the best way to go about college recruitment. She was always a quick text or email away from answering the multiple questions we had as well as giving advice. Our daughter ended up with multiple offers and ultimately she was recruited to play softball at the perfect place for her. I would highly recommend her services to anyone wanting to take this journey with their athlete."

"The skills video is the best thing we ever did! We are thrilled with the service that Christine and Take Charge Recruiting provided! She put together a very professional skills video that highlighted our daughter's skills. We've done the emails, camps, showcases, etc. and those are all important...but the skills video is ESSENTIAL to getting NOTICED! Christine was great at communicating while coordinating the video with several crazy schedules (and she's patient too!) We also signed up for a Take Charge Recruiting Package. I highly recommend this service. She put together the profile that emphasized what the coaches want to see. Then blasted the profile & video to her network of coaches. Within days we were receiving MANY emails and lots of interest from college coaches. Our daughter now has a verbal commitment from one of her TOP schools and we are OVERJOYED!"

"Our experience with Christine (Take Charge) has been life changing. She is very knowledgeable of the process and has a lot of valuable insight into the programs across the country. She is always there from the beginning to the end of the recruiting process! She's always available to answer any questions that our daughter or family had throughout the process. She ensured that the programs/coaches had all the information needed! We would not have been able to navigate this process without Take Charge guiding us through! We are so thankful and appreciative of Christine(Take Charge) for all they've done to make this a smooth, less stressful process! I recommend Take Charge Rec. Service for any student athlete and family heading into the recruiting process at any level! You will not find a better value for assistance in the recruiting process and beyond! Take Charge is more than a service, it's family!"
